CURRICULUM VITAE

Md Nayem

Full Stack Developer | Next.js, React, TypeScript & MERN
Managing Director at Nahiyan Dev

> Open to Full Stack Developer opportunities - remote or on-site, in Bangladesh or anywhere in the world.

CAREER OBJECTIVE

Full Stack Developer skilled in Next.js, React, TypeScript and the MERN stack, seeking a junior-level role to build fast, responsive web applications and grow with a professional team. Open to remote or on-site opportunities in Bangladesh or anywhere in the world.

PROFESSIONAL SUMMARY

Full Stack Developer working with Next.js, React, TypeScript and the MERN stack to build fast, responsive web applications. Managing Director at Nahiyan Dev, leading web projects from planning and design through development and delivery. Currently also serving as a Computer Operator at Gafargaon Puoroshova, with daily experience in office systems, data handling and digital record keeping.

FEATURED PROJECT

Bazar Dor - Daily Commodity Price Tracker for Bangladesh

Live: bazar-dor-chi.vercel.app

- Web application that tracks daily market prices for 33 essential products across 8 categories, helping users in Bangladesh follow price rises, falls and overall market trends.
- Built with Next.js and modern web technologies, with Google Auth sign-in for personalised access.
- Includes a Budget Calculator that lets users estimate household shopping costs from current prices.
